

Intuitive partner Glocal Value adds new solutions to portfolio

Intuitive is pleased to announce that Glocal Value, its trusted partner in Italy for Intuitive for PaperCut dashboards., has extended its product portfolio to include DocuWare dashboards.

Glocal Value is an independent provider of print and document management solutions throughout Italy, and the Intuitive Dashboards for Docuware will further enhance the Glocal Value solutions portfolio. As an Intuitive distributor, Glocal Value already works with Intuitive to provide dashboards to its network of resellers and customers. These new dashboards will make it easy to visualise data DocuWare for document workflows.

Intuitive Dashboards for Docuware display visual information from key DocuWare workflow automations such as Accounts Payable and HR onboarding and can be customised to include any other workflow automation.

As Savio Avilia, President of Glocal Value explains: *“We have seen a lot of success with the Intuitive Dashboards. We are delighted to incorporate Intuitive for DocuWare Dashboards into our portfolio. We are always looking to provide added-value to our resellers and their customers, and these new are highly complementary with our portfolio. With Intuitive Dashboards, we can help customers easily visualise the data in their core business systems in real time in order to improve process management across a wide range of business areas.”*

Intuitive delivers a range of pre-integrated dashboard solutions that work with systems such as DocuWare. Working solely with value-added partners to deliver dashboard configurations, the dashboards allow customers to get up and running straight away with minimal set up time and configuration. Resellers are able to further enhance these dashboards to meet specific customer requirements.

Unlike traditional Business Intelligence tools, which are overly complex, Intuitive Dashboards can be installed and set up in hours not weeks, meaning that users can get on with delivering valuable information about their business processes. Intuitive Dashboards remove the need to run manual monthly reports for different users, as dashboards are created and personalised automatically. And the highly visual dashboards identify where you can improve the efficiency of your processes.

As Roger Stocker, Intuitive CEO explains *“We are delighted that Glocal Value has decided to extend their successful relationship with Intuitive by adding our DocuWare dashboards to its portfolio. The expert team at Glocal Value coupled with our dashboards and ongoing support will prove a winning combination for resellers and end customers.”*

About Intuitive

Intuitive is a global provider of Data Visualisation Tools for Application Developers and Software Resellers. Formed by a team of highly experienced entrepreneurs and software developers the aim of Intuitive BI from the outset was to create a different type of BI solution. The team recognised that for Business Intelligence to deliver, companies needed easy to use tools that could be deployed to all employees and beyond organisational boundaries to customers and suppliers.

Intuitive BI sells exclusively through its network of value-added partners. We work closely with our partners in specific application areas such as Print and Process Management so that data held within their applications can be made more valuable to customers.
